News Release

1959

...An unidentified object, measuring eight inches in length and 1 $\frac{1}{2}$ inches in diameter, was found last October 1st by Madison Carpenter, a farmer living near Maysville, Kentucky. The object is cylinder-shaped and made of a hard white plastic and heavy aluminum. It was found about 1,000 feet from a main highway, lying on the ground. It was taken by Mr. Carpenter to the office of a local newspaper for examination, and then presumably sent to the Air Force.

WARSAW, OCT. 14.--(UPI)--ANOTHER MYSTERIOUS GLOW IN THE SKY APPEARED OVER POLAND LAST NIGHT.

HUNDREDS OF RESIDENTS OF BIALYSTOK NEAR THE POLISH-RUSSIAN BORDER SAW A LUMINOUS OBJECT MOVING IN A SOUTHWEST-NORTH-EAST DIRECTION AT ABOUT 9:30 P.M. (4:30 P.M. EDT).

UNLIKE INHABITANTS OF WARSAW, WHO LAST WEEK HAILED A NIGHT-TIME GLOW OVER A CHURCH STEEPLE AS A VISION OF THE VIRGIN MARY, BIALYSTOK VIEWERS WERE CONVINCED THEY WERE SEEING THE RETURN OF RUSSIAN MOON ROCKET LUNIK III.

THE POLISH NEWS AGENCY PAP, HOWEVER, SUGGESTED THE BRIGHT OBJECT OVER BIALYSTOK WAS EITHER A BURNED-OUT STAGE OF SOME OTHER SPACE-ROCKET, OR AN EXPERIMENTAL BALLOON FLYING AT VERY HIGH ALTITUDES. INTEREST IN THE WARSAW "VISION" HAS TILTED POLISH TVRZKILLER.

Unknown Light Figures Said to Be Some Step Church Stamps

WARSAW, Oct. 13 (AP)—Dismally widespread word-of-mouth reports of a luminous, halo-like figure appearing at the top of the church steeple for three nights, people gathered by the hundreds around St. Augustine's Church in Nowy Miejski Street today.

The luminous figure, some visitors said, was first seen last Wednesday on the Feast of Our Lady of the Rosary. No one saw it Thursday, but the figure was said to have appeared again Friday and Saturday nights. Among Western observers last night were Gov. G. Meader Williams of Michigan and Mrs. Williams, who were in Warsaw on a private visit and went to the church. Standing among the praying and chanting people, both said they could see the figure.

At today's Masses the parish priest warned against "hasty conclusions." A natural, he said, is a supernatural phenomenon that cannot be explained. "The figure on our church tower," he added, "might be explained."
